

TIME & LIGHT

GEORGE WILLIAMS

BARKINDJI, NGEMBA

Showing at Window on the Wetlands Centre, Warren
22 August – Friday 3 October 2022

George works in a range of art forms through which he expresses his Barkindji, Ngemba culture, including the most contemporary of forms, photography. His nightscape photographs of the night sky take him out into the landscape at the quietest times, under the same stars of his mother's and father's country, and with the closest possible connection to himself.
